
IRRIGATION SERVICE

APPLICABILITY

This schedule is applicable to single or three phase service of a single character supplied at one point of delivery used for irrigation pump motors.

CHARACTER OF SERVICE

Single or three phase, alternating current, approximately 60 Hertz at available voltages.

MONTHLY RATE

Customer Charge	\$18.00 per month effective January 2025 through December 2025
	\$23.00 per month effective January 2026 through December 2026
	\$28.00 per month effective January 2027 through December 2027
	\$33.00 per month effective January 2028
Horsepower Charge	\$2.75 per connected HP effective January 2025 through December 2025
	\$3.00 per connected HP effective January 2026 through December 2026
	\$3.25 per connected HP effective January 2027 through December 2027
	\$3.50 per connected HP effective January 2028
Energy Charge	12.155¢ per kWh effective January 2025 through December 2025
	10.341¢ per kWh effective January 2026 through December 2026
	8.544¢ per kWh effective January 2027 through December 2027
	6.765¢ per kWh effective January 2028

DETERMINATION OF HORSEPOWER

The horsepower for billing purposes shall be the motor manufacturer's nameplate rating of horsepower output, except if the Cooperative so elects, it shall be determined by actual measurement of power input during a period of maximum normal use, less an allowance of ten percent (10%) of input for motor losses.

MINIMUM MONTHLY CHARGE

The minimum monthly charge shall be the Customer Charge plus the Horsepower Charge.

Effective Date: January 27, 2025

Approved or Adopted by FreeState Electric Cooperative, Inc. Board of Directors: Janine E. Murphy

IRRIGATION SERVICE

(Continued)

POWER COST ADJUSTMENT

The above rate will be increased or decreased in accordance with Schedule PCA-25, as it currently exists or may be amended.

POWER FACTOR ADJUSTMENT

The Company may determine, by permanent measurement or by test of not less than 30 minutes duration under conditions which the Company determines to be normal, the power factor of a customer. If the power factor at any delivery point is less than 95 percent, Company at its sole discretion may require Customer to install power factor correction equipment at Customer's expense.

CONDITIONS OF SERVICE

1. Motors having a rated capacity in excess of ten horsepower (10 HP) must be three phase, unless soft start or written pole motors approved by the Cooperative
2. For all existing services, the anniversary date under this schedule will be June 1 of each year. The customer must agree to remain on this schedule until the following May 31.
3. Service hereunder is subject to the Cooperative's Rules and Regulations as approved by the Cooperative's Board of Trustees.
