

SINGLE PHASE RESIDENTIAL SERVICE

APPLICABILITY

This schedule is applicable to single phase service of a single character supplied at one point of delivery used for dwelling units, each having separate kitchen facilities, sleeping facilities, living facilities and permanent provisions for sanitation. This rate schedule is restricted to residential electric service used principally for domestic purposes in customer's household, home, detached garage on the same premise as customer's home, or place of dwelling for the maintenance or improvement of customer's quality of life. Service to customers in rural areas through a single meter under this schedule may also use electric service in farm buildings for ordinary farm use provided that such buildings are adjacent to the customer's dwelling unit. However, this schedule is not applicable for crop irrigation or any commercial enterprise including dairies, hatcheries, feed lots and feed mills. This schedule is not applicable to backup, breakdown, standby, supplemental, short term, resale or shared electric service. The Cooperative reserves the right in all instances to designate whether a Customer is, or is not, a residential customer.
